

## Friedlander Geocaching

Welcome to Camp Friedlander's geocaching course, the ultimate hide-n-seek. The activity includes hiking along different areas around Camp Friedlander and searching for a waterproof container called a geocache. Scouts should be familiar with the basic operation of the GPS unit they are using; the course has been designed to utilize cell phones. This activity is very similar to the world wide game called Geocaching. The geocaching course at Camp Friedlander is open only to the registered Scout units that are using the camp facilities. Geocaches should NOT be added to official geocaching websites.

Geocaches may be hanging in plain site, or hidden. Often, Hidden caches are often within items that stand-out or in openings.

Keep your camp beautiful. Pick up litter as you hike.

**What to bring:** Pen, a phone, a GPS device (optional), a patch, 3 items smaller than 1 a nickel in width and 1 inch in height

## Cache Types

**Traditional:** a cache that you travel directly to the posted coordinates and then search for the cache.

**Mystery/Puzzle:** a cache where something unique has to be done to get to the geocache.

## Sizing

**Micro cache:** Less than 100ml. Examples: a pill bottle or a tiny storage box typically containing only a logbook or a logsheet.

**Small:** 100ml or larger, but less than 1L. Example: A sandwich-sized plastic container or similar.

**Regular:** 1L or larger, but less than 20L. Examples: a plastic container or ammo can about the size of a shoebox.

**\*\*Tip:** Log sheets and instructions fit into caches by rolling them and then placing in the lid, then insert into container.
